Dragon's Den—Year 6

Year 6 have had lots of fun taking part in a Dragon's Den competition this week linked to our electricity topic from last half term and our world war topic. We have designed and created torches that can be used in the Blitz. We are currently writing speeches to persuade the Dragons to invest in our products. Next week we will be presenting our products to the dragons so look out for next week's newsletter to see who won!

Raging Rivers—Year 5

Year 5 have been looking at Raging Rivers during Spring Term and have produced some wonderful home learning based on the Water Cycle! Thank you for the support so far and look forward to more wonderful work coming in!

Year 5 Trip—Stibbington

On Wednesday, 21st February, Year 5 went to Stibbington Education Centre and took part in the workshop, Source to Sea. The children had a brilliant day taking part in activities where they looked at erosion and landscaping. They also got their hands dirty by heading down to the River Nene and pulling on their waders! The pupils were tasked to measure the speed of the water flow and map the shape of the river bed. Both tasks were challenging and required team work as they really tested the children's geography and science knowledge!

Year 2 - Explorer Dome

Year 2 have had an amazing afternoon learning about the stories behind constellations and space travel from the Explorer Dome Planetarium.
