## What are they?

This is the Sunnyside Launchpad with a whole range of useful links

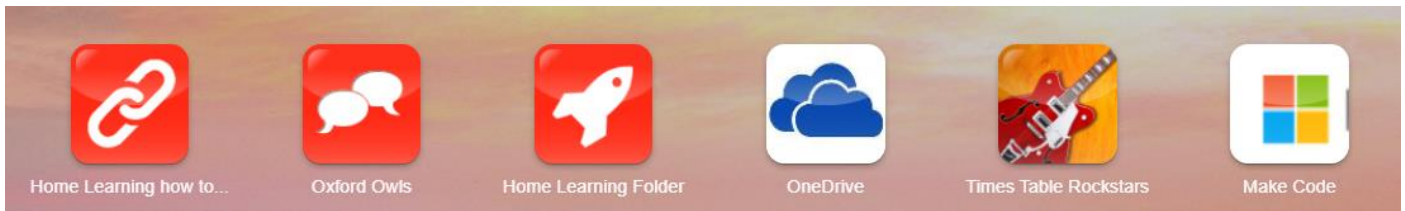

Row 1

You have got online Office 365 programs which you could use to make your own work on:
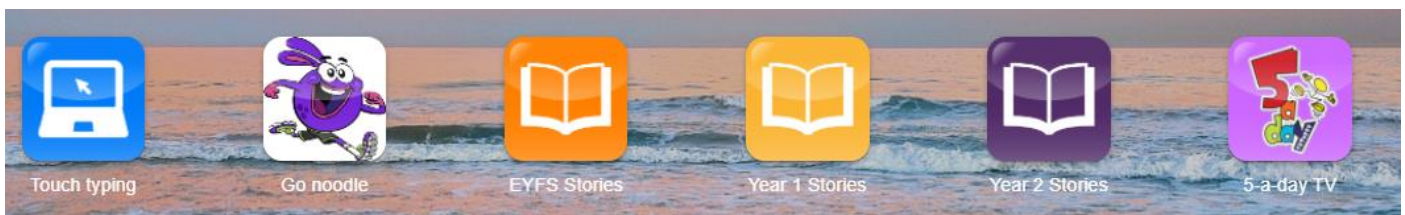

- Word- general writing software
- PowerPoint- Create a moving slideshow about your day/ favourite things
- Excel- to make graphs and charts, or just to work out calculations
- Forms- you can create your own quizzes
- Teams- contact teacher and other children in your class about work
- Purple Mash- use your PM log in to access a range of different interactive resources

Row 2

- A link to the 'How to guide' to access home learning
- A link to Oxford Owls- good for reading resources
- The home learning folder for additional work that the children can try
- OneDrive- Where children can save any personal work they do, can be done prior to uploading onto TEAMs
- TTRockstars- you will need your personal log in for this (Y2-6)
- Make Code- you can use this to code different software

Row 3

- Touch typing- children can improve their speed at typing with these fun games
- GO Noodle- exercise songs and videos, also has breathing exercises too
- EYFS stories- stories aimed at EYFS children read by adults in the GAT academy
- Year 1 stories- stories aimed at Y1 children read by adults in the GAT academy
- Year 2 stories- stories aimed at Y2 children read by adults in the GAT academy
- 5 a day TV- more exercise videos

- Year 3 stories- stories aimed at Y3 children read by adults in the GAT academy
- Year 4 stories- stories aimed at Y4 children read by adults in the GAT academy
- Year 5 stories- stories aimed at Y5 children read by adults in the GAT academy
- Year 6 stories- stories aimed at Y6 children read by adults in the GAT academy
- Newsround link
- Sway- A more fluid moving version of PowerPoint
