Thursday 16th July 2020

Dear Parents/Carers,

As you are aware, we have been busy organising the operating procedures, which will enable all children to come back to school in September.

There are, as you can imagine, some very different procedures, which we will all need to get used to; I have tried to put all this information into a power point – each slide has a question that may arise, which I am hoping will make digesting the information easier for you.

Over the summer break, please familiarize yourself and your child/ren with these; this will then make for a smoother transition back into school like.

One of the main changes is how and when you can enter the school grounds. Please study the map, as entry onto the school site is now, only allowed via two gates. There is a strict one-way system around the grounds, which means that exit is via a different gate entirely. Whilst I appreciate that many of you may feel that this is inconvenient, especially if you travel to school by car, I have to ensure the safety of you all.

Another change is that only one parent will be, allowed to drop off their child, this is to ensure that all adults can socially distance themselves. We are also not allowing adults into the school building. Unfortunately, this does mean that you will not be able to settle your child into class; I appreciate that this is a huge change however, it is impossible to keep to social distancing with a possible of 30 plus adults and children into a small space.

As I have said, please familiarize yourself and prepare your child for the changes over the holiday.

My team and I are all looking forward to your return in September, yes, there will be changes but that will not stop us doing our very best in supporting yourself and your child/ren on their return.

There will be members of the senior leadership team on the gates, directing you around the school grounds.

I look forward to your return in September and wish you all a lovely summer break.

Kind Regards

Mrs N J Sayers
Principal

Part of the Greenwood Dale Foundation Trust Group of Academies
